Chilean flavors will not be absent, and we will make a stop to try local snacks such as empanadas and drinks made with local fruits.

From there, you can explore the city on your own (we recommend ascending Cerro San Cristobal) or return to the hotel after a day of unforgettable experiences.

Optional tour:

Half Day Cousiño Macul

With a legendary history that dates back to 1856, Cousiño Macul is the only vineyard in the Chilean capital. Combining tradition and modernity, Cousiño Macul wines capture region's essence. Located in the beautiful Pirque Valley, just 45 minutes from Santiago, the vineyard has a fascinating history. The Macul winery was commissioned from a firm of French architects by Luis Cousiño in 1870 and built with bricks and limestone. Sitting right in the middle of the estate, the main cellar is 7 meters deep with double walls that allow airflow, creating a passive ventilation system that guarantees a constant temperature of 14°C and a humidity of 75 %. An expert guide will take us through the vineyard's old cellars, we will learn about the winemaking process, and we will see the contrast between the techniques used in the 19th century and the sustainable practices nowadays. Of course, we will have the opportunity to taste three red wines: Varietal, Reserva and Gran Reserva. At the end of our visit, we will have some time to visit the vineyard store.
